ABROAD

We created the Young Talents Program in 2019 and have implemented it in all the cities where Sport dans la Ville operates. This 3-step program offers participants, 18 to 25 years old, the opportunity to have concrete international experiences that will transform their lives and create a more diverse world of work.

STEP 1: English Academies across France

- * 8 English classes including a national TOEIC Class
- * English conversation sessions (one to one)
- * Workshops and conferences

STEP 2: Immersion trips abroad in partnership with sister organizations.

STEP 3: International professional experiences

- * Assistant coaches
- * Internships
- * Summer jobs
- * V.I.E

YOUNG TALENTS PROGRAM GLOBAL RATING BY STUDENTS

ENGLISH PROFICIENCY AND CULTURAL AWARENESS

SIRINE, 21 YEARS OLD, LILLE

"The Young Talents Program has been a rewarding experience, where I was able to improve my English and now I am not afraid to speak! I developed my oral skills and I met amazing people: the volunteers, our English teacher and all the participants in the English class on Saturdays."

CONFIDENCE AND MOBILITY

YACINE, 22 YEARS OLD, LYON

"I had the chance to participate in the English Summer Camp organized by Sport dans la Ville last year! This experience gave us the opportunity to have another point of view about professional experiences on the other side of the Atlantic! It was a real pleasure to meet corporate partners that opened their doors for us and shared their experiences. This seminar has given me a great desire to have an experience abroad and I am convinced that this will be the next step with the V.I.E program."

CAREER OPPORTUNITIES, CONFIDENCE AND MOBILITY

MERIEM, 25 YEARS OLD, LYON

"I registered in the Young Talents Program to have an English mentor. He immediately believed in me and he supported my career goals to a point where he even gave me the opportunity to join his own company for an internship. Thanks to him, I have had the chance to live abroad and have a great work experience where I learned a lot. I met amazing and brilliant people and was immersed in a positive culture. I am choosing to invest in myself and to choose my own path. Today I'm seizing all these amazing opportunities to achieve my dream and work in investment banking or private equity abroad."

Sport dans la Ville is France's leading non-profit serving youths living in low-income neighborhoods through sports and job-readiness training. Founded in 1998, today we operate in 51 urban neighborhoods and have impacted the lives of more than 15,000 at-risk youth across the nation. Through free football/soccer and basketball programs, we impart the values of self-confidence, teamwork, dedication and hard work, leading young people on the path towards a brighter future. Our programs are dedicated to serving youth at every stage of their development.
